WEST STABLE COTTAGE

USEFUL INFORMATION

LPG Gas – heating & cooking

As this is a rural property, it is not connected to mains gas, the heating, hot water and the cooker run from LPG gas cannisters which are stored in a storage area outside, at the back of the property. If the heating is not working during your stay, please contact us on 07356030 556 and we will arrange for the canister to be swapped asap. If it is cold while we are changing it over, you can use the electric fire for heat!

Bins and recycling

The bins are in the tall cupboard in the kitchen. They are marked as follows: -

1. General waste
2. Mixed recycling - paper, cardboard, cans, plastic bottles, tubs and trays (ensure clean before disposal)
3. Glass and glass jars
4. Food

You do not need to, but if you want to empty the bins during your stay you can use the commercial bins which are located just beyond the laundry room. Do not use the bins in the car park area, these belong to the residents in the other two cottages.

Dogs

You are welcome to exercise your dog in the wooded area in front of property. Do keep in mind that there is an opening in the far-right corner which is open to the road.

There are water and food bowls under sink for dogs. If you use them, please wash them and put them back under the sink before you leave.

We ask that you always pick up after your dog. There is a "Poo bin" at the end of the path, next to the parking area.

Electric car charging

There are no facilities for electric car charging on site. You will find facilities a 10-minute drive away next to the Morrisons supermarket in St Andrews.

No Smoking

The house is a no smoking/vaping property throughout, you can smoke/vape only in the garden.

Curfew

We do not enforce a curfew but would ask that you are respectful to those living in the neighbouring properties.
